RFQ 11-02-PW Ongoing Miscellaneous Professional Engineering Services for the
Town of Fort Myers Beach

Dear Mr. Boers:

Ardaman & Associates, Inc. is pleased to submit our hourly rates and unit fees to provide geotechnical engineering services for the RFQ 11-02-PW Ongoing Miscellaneous Professional Engineering Services Contract. Hourly rates for personnel and reimbursable expenses are presented as Attachment Nos. 1 and 2 to Exhibit B. Our unit fee schedule for geotechnical testing services is also presented.

Please contact me if you have any questions.

Very truly yours,

Peter A. Boers
Contracts Manager
Town of Fort Myers Beach
2523 Estero Blvd.
Fort Myers Beach, FL 33931

Dear Mr. Boers,

Bureau Veritas is interested in offering our Private Provider Services as well as augmenting your current department. Bureau Veritas stands for "Truth" and has been in existence since 1828. We are global, but we are here in Florida, as well as, National.

As Operations Manager for Bureau Veritas in the State of Florida and the Building Code Administrator for many Jurisdictions, Municipalities, and Cities throughout the State of Florida, I would be your main point of contact. I pride myself on being available to my clients 24 hours a day – 7 days a week by simply calling my personal cell at 239-229-2852. My current clients have become accustomed to my availability and this demonstrates the difference between my organization and others.

As a former City and County employee, I personally understand the challenges you are currently facing during these tenuous times and economic downturn.

Bureau Veritas also has the right credentials across the country in the health, safety, and environmental consulting service industry. Bureau Veritas has over four hundred and fifty health, safety, and environmental staff with over one hundred and fifty being certified in a technical profession. We have three convenient locations in Fort Myers, Tampa, and Miami. This allows us to understand the local markets of Florida while using our global expertise for the benefit of your residents and the Town of Fort Myers Beach.

I would personally welcome the opportunity to meet you in person at your office at your convenience, anytime. I feel Bureau Veritas can help you by augmenting your services at your request and we can offer you some suggestions to help your budget while maintaining the level of excellent service your residents are already accustomed to.

For your review, I have included the fee schedule for our private professional, health, safety, and environmental services per hour detailed on the pages below.

Hourly Rates for Wandover Consulting Engineers LLC

Principal/Engineer	\$125/hr
Drafting	\$75/hr
Administration	\$55/hr

Reimbursable expenses such as mileage, copying and printing are included in hourly rates

We will hold these hourly rates for the term of the contract. We also wish to state that we prefer to bid projects on a lump sum project by project basis once we have an understanding of the scope of work. We feel this is more equitable for all parties concerned.

Re: Town of Fort Myers Beach Ongoing PES
RFQ-11-02-PW

Dear Mr. Boers,

Thank you for selecting DRMP, Inc. for the subject RFQ. Unfortunately, due to economic reasons DRMP had to close its Ft. Myers engineering office. Consequently, we do not feel it would be in the best interest of DRMP or the Town for us to enter into this contract.

Again, we appreciate your consideration of DRMP, but respectfully decline to enter into a contract with the Town of Ft. Myers Beach at this time.

If you have any further questions, please do not hesitate to contact me.

Sincerely,
DRMP, Inc.
